TRANSCOM ACQUIRES ASSETS OF FRENCH CONTACT CENTRE

Transcom WorldWide S.A., the European CRM and debt collections specialist, today announced that it has acquired the assets of Satel Services SA, a contact centre based in Montluçon, France, for a total consideration of €137,000.

The contact centre currently employs 100 people, all of whom will be transferred to Transcom. In anticipation of strong growth from its French clients, particularly the upcoming launch of Tele2's ULL (unconditional local loop) services in France, Transcom intends to rapidly grow the capacity of the site to 200 people by the end of the year and to over 400 people by the close of 2007. Transcom previously subcontracted work to the Montluçon facility.

Keith Russell, President & CEO of Transcom, commented: "We have enjoyed a successful partnership with Satel Services over the past few years and are very pleased to be taking the operations in-house. The asset transfer will provide Transcom with the resources to successfully meet the demands of our clients' growth and also strengthen our proposition to potential customers in the region."
