Administration report

The Board of Directors and the CEO of Transcom Holding AB (publ), corporate registration number 556962-4108, hereby submit the Annual Report and Consolidated Financial Statements for the 2024 financial year.

Transcom is a global, customer experience (CX) specialist using the power of people and AI to help clients build closer, more meaningful relationships with their customers across all customer touchpoints. Transcom has a diversified long-standing client base with expanding exposure towards the growing eCommerce & Tech sector, and a strong delivery plattform with an increasing share of nearand offshore locations. Transcom provides solutions for outstanding customer experience along its clients' entire customer journey – i.e. customer acquisitions, sales and retention, customer care & tech support, compliance, back-office, content moderation etc.

Transcom's customer experience specialists engage with customers seamlessly across all channels (voice, video, chat, email, social media). Our services are enabled by AI, leading digital capabilities and solutions. We provide our services through an extensive network of contact centers and work-at-home agents. Transcom's mission is to positively impact customer loyalty and, thus, revenue through making service and support interactions as effortless and enjoyable as possible for our clients' customers.

Transcom's clients

Transcom serves clients across Europe, North America and Asia in a variety of industries and areas of public service. Many of our clients compete in fast-moving consumer markets that demand extreme levels of responsiveness to shifting consumer needs and preferences. Transcom has deep know-how in a wide range of industries, including consumer tech, e-commerce, retail, financial services, utilities, logistics, telecommunications & media. Customer experience is a significant differentiator in all these sectors, and the quality of customer care service delivery continues to play a major role in influencing customer choice when deciding which brands to do business with.

How Transcom adds value

Transcom adds value to clients' businesses by supporting the creation of outstanding customer experiences, while reducing cost and helping drive growth. Transcom does this by delivering seamless multi-channel customer service

Market definition – what business are we in?

Customer experience (CX) comprises the process of managing a company's relationship with potential and existing customers along the end-to-end customer journey, and includes: customer acquisition, sales and retention, customer care and technical support, and back-office and compliance services. Services are delivered via five primary channels:

- Telephony, including voice and interactive voice response (IVR) self-service
- Video
- Email response management
- Digital channels (social media, chat, messaging apps)
- Knowledge management for web-based self-service

Digital technology is increasingly embedded in the client programs, to improve experience for clients, customers and employees.

Help Desk outsourcing involves first and second level help desk support for information technology services, both for internal stakeholders in an organization and external customers.

and support in a cost-effective way. Transcom's goal is also that our activities benefit other parts of clients' businesses. For example, Transcom's analytical capabilities can generate insights that ultimately contribute to differentiated customer experience, setting Transcom's clients apart in an increasingly competitive marketplace.

To many of Transcom's clients, the quality of the Customer care operations is fundamental to the execution of their service-based strategies to increase loyalty, retention and customer sales. Transcom's core value proposition to deliver excellent multi-channel customer service and support is the basis for long-term partnerships with our clients.

Operational excellence

Transcom's services are delivered through a structured and proven operating model with rigorous quality controls. Continuous improvement practices, focused on strengthening service quality and enhancing operational efficiency, are embedded into daily operations. The impact of Transcom's service delivery on customer experience is constantly validated, e.g. through Customer Satisfaction and Net Promoter indices.

In 2024, Transcom had over 30,000 customer experience specialists at 85 contact centers across 29 countries, delivering services in 33 languages to international brands in various industry verticals.

Financial overview Income statement

Revenue for 2024 amounted to EUR 744.6 million (737.9) with a growth of 0,9%. Organic growth was -0.7%, inorganic was 1.7% and impact from currency was 0.0%. Comparable organic growth, also excluding the exited contract in Spain in the beginning of Q2, 2023 was 0.4%. Gross profit amounted to EUR 171.7 million (176.5) and Operating profit to EUR 28.6 million (30.0). EBITDA excluding non-recurring items amounted to EUR 91.8 million (95.7). Non-recurring items amounted to EUR –14.7 million (–18.0).

Cash flow

Operating cash flow amounted to EUR 55.6 million (62.5). Cash flow from investing activities amounted to EUR –19.1 million (–36.2), including acquisition of VCosmos and earnout payments for Timeframe and Forcontact, acquisitions from 2022 and 2023. Cash flow from financing activities amounted to EUR –35.3 million (–20.0). Cash flow for the year amounted to EUR 1.2 million (6.3).

Debt & Financing

Net debt amounted to EUR 378.3 million (351.1). Net debt/ EBITDA excluding non-recurring items amounted to 4.1 (3.7). Financing in the Group includes EUR 380 million Senior Secured Floating Rate Notes due in December 2026 and a Super Senior Revolving Credit Facility Agreement of EUR 75 million with termination date in June 2026. As per December 31, 2024, the SSRCF was unutilized in loans, excluding guarantees and overdraft facility usage. Unused credit facilities totalled EUR 65.8 million.

Significant events during the reporting period

As of February 2024, Transcom acquired 75.1% of the shares in VCosmos with an agreement to aquire the remaining percentages, VCosmos is a high-end CX solution provider in India. The total surplus value of the preliminary purchase price allocation has been allocated to goodwill as per December 31, 2024. Transcom entered into a private placement to issue EUR 65.0 million in aggregated principal amount of Senior Secured Floating Rate Notes, this was used to repay the outstanding balances on the RCF.

New CEO stepped in service as of the 1st of April.

Research & Development

Transcom, being a service company, does not carry out any research activities as defined in IAS 38 Intangible assets. Development activities mainly consist of the development of IT solutions. The Company's service offering and solutions are continuously developed and refined in order to ensure that Transcom has the right capabilities to keep up with the rapid pace of change in its industry, bringing new and innovative service solutions to market quickly.

Parent Company

The Parent Company, Transcom Holding AB, does not perform CRM services, but employs part of the corporate management team. The Parent Company is a publicly registered limited company domiciled in Kista, Sweden. The address of the Company's headquarter is Kistagången 10, 164 40 Kista.

Operating profit amounted to EUR –0.8 million (-0.3). Loss for the year amounted to EUR –17.3 million (–12.1). Cash flow for the year amounted to EUR –0.3 million (0.0).

Significant events after the reporting period

On April 15, 2025, CFO Snejana Koleva informed that she has decided to pursue a new career opportunity outside of Transcom. She will remain in her role as CFO until October 2025.

Outlook

Transcom's long-term objectives is double digit organic and inorganic growth and 16% EBITDA margin by 2025 – driven by continued shift towards growing customers in the eCommerce and Tech sector and further expansion into near- and offshore delivery locations. Transcom's priorities remain – profitable growth through client focus and operational excellence, driven by a great culture and strong leadership.

Risks and uncertainties

There are number of risk factors that may affect Transcom's operations and the achievement of Transcom's business objectives.

We follow the world conflicts closely, especially in Ukraine and the Middle East, but due to no operations in these areas, Transcom is not directly affected.

The Group's risk management and control framework is designed to support the identification, assessment, monitoring, management and control of the key risks that may have significant impact on the Group's results and providing reliable financial information. The key risks Transcom faces and manages are outlined in more details in Transcom's Corporate Governance Report. They include:

- Macroeconomic risks
- Disasters, disruption & hazard risks (including IT or network failure)
- Client & industry concentration risks
- Capacity utilization & productivity and efficiency risks
- Talent attraction and retention risks
- Significant increase in input costs
- Currency risks
- Impairment risks
- Risk of breach of data privacy
- Information security, technology and cyber attacks
- Employee misconduct risks
- Tax audits & litigation risks
- Fraud, corruption and other unethical practices
- Supply chain malpractices (Third-party risk)
- Risk of not successfully implement automation and technical innovation in our deliveries to clients

In addition, the main risks arising from the Group's financial instruments are liquidity risk, credit/counterparty risk, foreign currency risk, and interest rate risk.

The Board of Directors reviews and agrees policies for managing each of these risks. Further information on financial risks is summarized in note 25. The risks potential impact and Transcom's management and risk mitigation is also described in more details in the Governance report.

Corporate governance report

Corporate governance report has been reported on a voluntary basis. The report is separated from the annual report and is available at: www.transcom.com/global/ about-us/transcom-corporate-governance-report-2024.

Personnel and sustainability

In accordance with Annual Accounts Act 6 Chapter 11§, Transcom Holding AB has chosen to establish the statutory sustainability report as a report separated from the annual report. The sustainability report is available at: www.transcom.com/global/about-us/transcomsustainability-report-2024.

Notes to the consolidated financial statements

Note 1 Summary of significant accounting and valuation policies

General

Transcom Holding AB (publ) (the "Company" or the "Parent Company") and its Group companies (together, "Transcom" or the "Group") is a global customer experience specialist, providing customer care, sales and technical support through our extensive network of contact centers and workathome agents. We are over 30,000 customer experience specialists at 90 contact centers across 29 countries. Transcom Holding AB is a privately held company. The Company is a registered company domiciled in Kista, Sweden. The address of the Company's headquarter is Kistagången 10, SE-164 40 Kista. Transcom Holding is owned by Transcom TopCo AB, corporate identity number 559088-4499, registered in Stockholm, while Altor Fund Manager AB, corporate identity number 556962-9149, registered in Stockholm, is the parent that prepares the largest consolidation accounts in which Transcom Holding AB is part of. Altor Fund Manager AB is also the ultimate controlling party of Transcom Holding AB. The consolidated financial statements were authorized for issue by the Board of Directors on April 23, 2025. These consolidated financial statements will be submitted for approval at the Annual General Meeting on May 7, 2025.

Basis of preparation

Transcom Holding AB (publ) prepares its consolidated financial statements in accordance with IFRS issued by the International Accounting Standards Board (IASB) and interpretations of the IFRS Interpretations Committee (IFRIC) as adopted by the European Union (EU).

Foreign currency translation

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The consolidated financial statements are presented in 'EUR', which is the Group's presentation currency.

Cash flow statement

The cash flow statement includes changes in the balance of liquid assets. The Group's liquid assets consist of cash and bank balances with original maturities of three months or less.

Cash flow is presented according to the indirect method, and divided into cash flows from operating activities, investing activities and financing activities.

Changes in accounting principles

In April 2024, the IASB issued IFRS 18, which replaces IAS 1 Presentation of Financial Statements. IFRS 18 is effective for reporting periods beginning or after 1 January 2027 and will apply retrospectively. Transcom is working to identify all impacts the amendmendments will have on the primary financial statements and notes to the financial statements.

Note 2 Critical accounting estimates and judgements

The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Group's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are described below.

Valuation of business acquisition

At the acquisition date, the date on which control is obtained, each identifiable asset acquired and liability assumed is recognized at its acquisition-date fair value. The consideration transferred, measured at fair value, includes assets transferred by the Group and liabilities to the former owners of the acquiree in exchange for control of the acquiree. Any subsequent change in such fair value is recognized in profit or loss. Changes in the assumptions and estimates used may have a significant effect on the income statement and statement of financial position. In February 2024, VCosmos was acquired. The total surplus value has been allocated to good will as per December 31, 2024.

Impairment of goodwill and intangible assets

The Group annually evaluates the carrying value of goodwill for potential impairment by comparing projected discounted cash flows (using a suitable discount rate) associated with such assets to the related carrying value. An impairment test is also carried out when events or circumstances change which may indicate that there may be need for impairment. An impairment loss would be recognized when the estimated future discounted cash flow generated by the asset is less than the carrying amount of the asset. An impairment loss would be measured as the amount by which the carrying value of the asset exceeds the recoverable amount. The Group performed its annual impairment test of goodwill per September 2024. Changes in the assumptions and estimates used may have a significant effect on the income statement and statement of financial position. Please see note 11 for further details including a sensitivity analysis of some of the assumptions made.

Provisions

The Group recognizes a provision where there is a present obligation from a past event, a transfer of economic benefits is probable and the amount of costs of the transfer can be estimated reliably. The Group reviews outstanding legal cases, in order to assess the need for provisions and disclosures in its financial statements. Among the factors considered in making decisions on provisions are the nature of litigation, claim or assessment, the legal process and potential level of damages in the jurisdiction in which the litigation, claim or assessment has been brought, the progress of the case (including the progress after the date of the financial statements but before those statements are issued), the opinions or views of legal advisers, experience on similar cases and any decision of the Group's management as to how it will respond to the litigation or claim.

Note 3 Revenues from contracts with customers

Accounting principle

- Revenue mainly arises from call services operations.
- Revenues related to inbound teleservices are recognized at the time services are provided on a per-call basis.
- Revenues on outbound teleservices are recognized at the time services are provided on either a per-call, or per-sale basis under a fully executed contractual agreement and record reductions to revenues for contractual penalties and holdbacks for failure to meet specified minimum service levels and other performance based contingencies.

Note 4 Segment information

Accounting principle

Operating segments are reported in a manner consistent with the internal reporting provided to, and is evaluated regularly by, the chief operating decision maker, the Group's CEO.

Operating segments

- The Group reportable segments are composed as follows:
- English-speaking segment: services delivered to multinational clients.
- Europe segment: services delivered to clients based in Europe.

Performance obligations

The Group's client contractual term are normally 1–3 years, the contractual period according to IFRS 15 is shorter and correspond to the period covered in the specific volume request from the respective client, which is stipulated in each contract and is normally a shorter period, e.g. between 1–6 months. These are identified as the Group's performance obligations. Outstanding performance obligations as per December 2024, for the full next year amounts to EUR 145,623 thousand (2023: EUR 176,898 thousand).

Revenues from the largest single customer amounted to EUR 64,924 thousand, referring to English-speaking segment and revenues from the second largest client amounted to EUR 46,902 thousand, also referring to Englishspeaking segment (2023: EUR 112,909). External revenue for Sweden amounted to EUR 145,498 thousand (2023: EUR 150,225 thousand) and total non-current assets in Sweden amounted to EUR 10,877 thousand (2023: EUR 11,371 thousand).

1) Refers to allowances, company car, medical insurance etc.

During 2024 the Executive management consisted of the following persons: Brian Johnson, Snejana Koleva, Emma Crowe, Travis Coates, Sandra Kujundžic Draskovic, Simon Hunt, Marieke Smidt, Jonas Dahlberg, Robert Kresing, Oliver Cook. Those last 3 left the ELT during 2024.

The following guidelines were applied on remuneration for senior executives within the Group which currently include members of the Executive management of Transcom ("Executive Managers"), as well as members of the Board of Directors to the extent they are remunerated outside their directorship. The remuneration to the Executive Managers consists of fixed salary and variable salary. The fixed salary and the bonus percentage may vary amongst Executive Managers according to their level of responsibility or seniority. The level of variable salary is in accordance with market practice and depends on the level of responsibility and seniority and calculated according to a combination of results achieved and individual performances. Other benefit constitutes of a limited amount in relation to the total remuneration and corresponds to the local practice.

In the event of notice of termination of employment being served by Transcom, there is entitlement to salary during such notice period according to law governing in respective employment relationship. In the event of notice of termination of employment being served by the Company, Executive Managers and the CEO are entitled to salary during a period in a range of maximum 12 months. The Executive Managers is entitled to pension commitments based on those that are customary in the country in which they are employed. The Executive Managers are offered defined contribution pension plans, with premiums amounting in a range to a maximum of 30% of the fixed salary that are paid to insurance companies. Members of the Board of Directors, may in certain cases receive a fee for services performed within their respective areas of expertise, outside of their duties on the Board of Directors. Compensation for these services shall be paid at market terms and be approved by the Board of Directors. In special circumstances, the Board of Directors may deviate from the above guidelines. In such case, the Board of Directors is obligated to give account for the reason for the deviation on the following annual general meeting of shareholders. The Board of Directors' view is that the remuneration to the CEO and the other members in the Executive management strikes an appropriate balance between motivating the members of the Executive management and achieving a well-balanced competitive compensation that aligns the members' incentives with the interests of Transcom and the owners.

| | | |
| Audit fees to other auditors | -308 | -301 |
| Total fees to auditors | -1,454 | -1,373 |

Audit services refer to the statutory audit, i.e. the reviewing of the annual report, the accounts and the administration by the Board of Directors and Managing Director. Audit services also include any other tasks that the company's auditor is required to perform.

Audit services outside the assignment involve quality assurance measures, that is to say, in part, any review of management, the Articles of Association, statuses or agreements intended to result in a report, certificate or other document addressed to a party other than the principal and, in part, advice or other assistance occasioned by observations made during an audit. Tax advice includes advice on income taxes and VAT.

Note 8 Amortization, depreciation and impairment

Amortization, depreciation and impairment are recognized in the following line items in the income statement:

| | Intangible assets | | Tangible | assets | Right of us | e assets | Total | |
|-------------------------|-------------------|---------|----------|---------|-------------|----------|---------|---------|

Note 10 Taxes

Accounting principle

The tax expense for the period comprises current and deferred tax. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the reporting date in the countries where the Company and its Group companies operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is recognized, using the liability method.

Deferred tax assets and liabilities have been measured at the tax rate that are expected to apply during the period when the asset is realized or the liability is settled, according to the tax rates and tax regulations that have been resolved or enacted at the balance sheet date.

Deferred income tax assets are recognized only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilized.

Income tax expense

| EUR thousand | 2024 | 2023 |
|--|---------|---------|
| Current income tax on profit/loss for the year | -10,821 | -9,924 |
| Adjustments in respect of prior years | -294 | -242 |

Tax losses

Deferred tax assets are recognized for tax losses carried forward to the extent that the realization of the related tax benefit through future taxable profit is probable. The Group did not recognize deferred tax assets for losses amounting to EUR 36,987 thousand (2023: EUR 47,400 thousand). EUR 26,556 thousand (2023: EUR 37,682 thousand) of these losses have

no expiration date. The corresponding deferred tax assets for all not recognized losses would have been EUR 8,902 thousand (2023: EUR 11,232 thousand) and EUR 6,486 thousand (2023: EUR 8,724 thousand) for loss with no expiration date. In addition, group has non-deductible interest for carry forward for whick no DTA is recognised.

Note 10 Taxes, cont.

| | Tax losses | | Interest to ca | Interest to carry forward | | |
|--|------------|--------|----------------|---------------------------|--|--|
| EUR thousand | 2024 | 2023 | 2024 | 2023 | | |
| Tax losses recognized as a deferred tax asset in the balance sheet | 65,472 | 50,088 | 0 | 0 | | |
| Tax losses not recognized as a deferred tax asset in the balance sheet | 36,987 | 47,400 | 103,074 | 73,070 | | |
| Total | 102,459 | 97,488 | 103,074 | 73,070 | | |
| Expires within 1 to 5 years | 3,570 | 931 | 68,328 | 46,246 | | |
| Expires within 6 to 10 years | 17,571 | 21,028 | 27,405 | 22,082 | | |
| Expires in more than 10 years | 2,373 | 1,139 | - | - | | |
| No expiration date | 78,945 | 74,390 | 7,341 | 4,742 | | |
| Total | 102,459 | 97,488 | 103,074 | 73,070 | | |

The integrated worldwide nature of the Group's operations can give rise to complexity and delays in assessing the Group's tax position and can lead to the Group occasionally facing tax audits which in some cases result in disputes with tax authorities. During these tax audits, local tax authorities may question or challenge the Group's tax positions. Disputes with tax authorities can lead to litigations in front of several courts resulting in lengthy legal

proceedings. As at December 31,2024, Transcom has uncertain tax positions of 2,1 MEUR (2023: 2,2 MEUR) due to possible challenges during tax audits. Five of the eight ongoing tax audits started in 2024, while the others continued from previous years. In addition to the above tax risks, the Group may be subject to other tax claims for which the risk of future economic outflows is currently evaluated to be remote.

Note 11 Goodwill and other intangible assets

Accounting principle

Goodwill

Goodwill represents the excess of the cost of an acquisition over the fair value of the Group's share of the net identifiable assets of the acquired subsidiary at the date of acquisition. Goodwill on acquisitions of Group companies is included in 'intangible assets'. Goodwill is carried at cost less accumulated impairment losses.

Customer relationships

Contractual customer relationships acquired in a business combination are recognized at fair value at the acquisition date. The contractual customer relations have a limited useful life and are carried at cost less accumulated amortization. Amortization is calculated using the straight-line method over the expected life of the customer relationship which is 7 to 10 years.

Brand

Brands acquired in a business combination are recognized at fair value at the acquisition date. Brands are estimated to have an indefinite useful life and are carried at cost less accumulated impairment losses.

Development costs

Development costs that are directly attributable to the design and testing of identifiable and unique software products controlled by the Group are recognized as intangible assets if the requirements for capitalization are met.

Directly attributable costs that are capitalized as part of the software product, include the software development employee costs and an appropriate portion of relevant overheads.

Computer software development costs are recognized as assets and amortized over their estimated useful lives, which is between 3 to 5 years.

1) Acquisition is related to Timeframe and preliminary allocated to goodwill. Acquisition of Forcontact 2022 has been finalized and decreased goodwill.

Impairment testing for cash generating units containing Goodwill and Brand

Impairment test are to be done annually, or in the event there are indications of a decline in value in an asset. The impairment test performed per September 2024 gave no indication of a need for goodwill impairment. Since then, there has been no indication of impairment.

The Group treats the geographical regions Europe and English-speaking as cash-generating units in the sense referred to in IAS36 Impairment of assets. The calculation of the value in use was based on the following main assumptions:

Cash flows were projected based on past experience, actual operating profits and the conservative 3-year financial plan. Beyond the specifically forecasted period of three years, the Company extrapolates cash flows based on estimated constant growth rates of 2%(2023: 2%) depending on executive management's understanding of the market. The anticipated annual revenue growth included in the cash-flow projections has been based on historical experience and expectations of future changes in the market conditions. Market conditions take into account the nature of risk and executive management's estimations of change within this market. These rates do not exceed the average long-term growth rates for the relevant markets.

The anticipated conservative average annual revenue growth totalled 7.4% (2023: 6.6%) in Europe and 14.5% (2023: 7.3%) in English-speaking. The anticipated average annual EBITDA-margin, excluding non-recurring items, growth totalled 23% (2023: 10.1%) for Europe and 17.0% (2023: 13.5%) for English-speaking.

Applied pre-tax discount rates were applied to Europe segment of 14.5% (2023: 13.8%) and English-speaking segment 14.2% (2023:13.7%), in determining the recoverable amounts of the units. The discount rates is estimated based on past experience, industry average weighted cost of capital and Group's industry related beta adjusted to reflect executive management's assessment of specific risks related to the unit.

Sensitivity analyses have been carried out regarding the calculation of the value in use, where impairment tests have been performed applying a higher discount rate and reduced EBITDA-margin, excluding non-recurring items. The sensitivity analyses did not demonstrate any impairment. The carrying amounts of Goodwill and Brand allocated to each region are:

Goodwill

| EUR thousand | 2024 | 2023 |
|------------------|---------|---------|
| Europe | 183,869 | 182,005 |
| English-speaking | 57,123 | 54,916 |

| | | |

Brand

| EUR thousand | 2024 | 2023 |
|------------------|--------|--------|
| Europe | 18,462 | 18,597 |
| English-speaking | 4,260 | 4,260 |
| Total | 22,722 | 22,857 |

Brand includes the brands Transcom and Xzakt.

Customer relationships and development costs

Customer relationships mainly consist of intangible assets that were identified during the past acquisitions based on the discounted cash flows expected to be derived from the use and eventual sale of the asset, determined at the date of acquisition.

Development costs consist of amounts identified by executive management where it is considered that technological and economical feasibility exists, usually determined by reference to the achievement of defined milestones according to an established project management model.

Note 12 Tangible assets

Accounting principle All property, plant and equipment are stated at historical cost less depreciation.

Depreciation on assets is calculated using the straight-line method to allocate their cost less their residual values over their estimated useful lives, as follows:

- Telephone switch 5 years • Equipments, fixtures and fittings 3–5 years • Computer, hardware and software 3–7 years 3–5 years
- Office improvements and others

| EUR thousand | Telephone switch | Fixtures and fittings | Computer hardware and software | Office improvements | Total |

Note 13 Right-of-use assets

Accounting principle

Leases are recognized as a right-of-use asset and a corresponding liability at the commencement date of the lease. Each lease payment is allocated between the liability and finance cost which is charged to profit and loss over the lease period to produce a constant periodic rate of interest on the remaining balance of the liability for each period. The right-of-use asset is depreciated over the shorter of the asset 's useful life and the lease term on a straight-line basis.

The lease liability is measured at a net present value based on the future lease payments, discounted using the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable.

The Group is separating the non-lease component, and using the recognition exemption for short-term leases and low-value leases, e.g. office equipment are classified as low-value assets. The payments are recognized on a straight-line basis as an expense in the income statement.

The Group is a lessee, leasing mainly real estate and IT equipment.

Note 15 Trade receivables

Accounting principle

Trade receivables are classified in the category financial instruments at amortized cost. Trade receivables are recognized initially at fair value and subsequently measured at amortized cost less provision for impairment. The company applied the simplified approach for estimating credit losses on trade receivables. Impairment is determined individually based on historical losses and current- and forward looking economic conditions.

| EUR thousand | 2024 | 2023 |
|---|--------|--------|
| Trade receivables, gross | 97,726 | 99,490 |
| Provision for impairment of trade receivables | -1,758 | -523 |
| Trade receivables, net | 95,968 | 98,967 |

The carrying value less impairment of trade receivables is assumed to approximate the fair value.

|-----------------------------|--------|--------|
| Prepaid expenses | 8,611 | 8,497 |
| Accrued income ¹ | 46,160 | 40,459 |
| Total | 54.771 | 48.956 |

1) Accrued income relates to performed but not invoiced services.

Note 18 Equity

Share capital

Transcom's share capital as of December 31, 2024 was distributed among 11,937,773 shares (2023: 11,937,773) with a nominal value of EUR 0.0046 per share (2023: EUR 0.0046). All shares entitle to one vote each and all have the same right to dividend.

Incremental costs directly attributable to the issue of new ordinary shares or options are shown in equity (Share capital and other contributed capital) as a deduction, net of tax, from the proceeds.

Other contributed capital

Refers to equity contributed by shareholders. This includes share premiums paid in connection with share issues.

Note 17 Cash and cash equivalents

| Cash and Cash equivalents include | 2024 | 2023 |
|--------------------------------------|--------|--------|
| Cash in hand and balances with banks | 39,162 | 35,830 |
| Total cash and cash equivalents | 39,162 | 35,830 |

Reserves

Reserves consists of fair value reserve of financial assets and translation reserve. Fair value reserve consists of remeasurement of change in pension liability attributable to employment benefit obligations and revaluation of cash flow hedges. Translation reserve includes all exchange-rate differences that arise from the translation of the financial statements of foreign operations that have compiled their reports in a currency other than that in which the consolidated financial statements are presented (EUR).

Retained earnings

Retained earnings, including net profit/loss of the year, includes accrued profits/losses earned in the parent company and its subsidiaries.

| Current lease liabilities | 13,366 | 13,707 |
| Total | 34,728 | 30,849 |
| | | |
| EUR thousand | 2024 | 2023 |
| Unused credit facilities ¹ | 65,784 | 26,929 |
| Total | 65,784 | 26,929 |

1) Unused credit facilities include unused cash pool limits.

Financing in the Group includes EUR 380 million Senior Secured Floating Rate Notes due in December 2026 (the Notes) listed on The International Stock Exchange. Holders of the Notes obtain a coupon of three-month EURIBOR plus 525 basis points per annum, subject to a 0% floor and reset quarterly. On January 19, 2024, Transcom Holding AB entered into a private placement ("Private Placement") to issue EUR 65 million in aggregate principal amount of Senior Secured Floating rate Notes due in December 2026 (the "Notes"), which have the same terms as its existing senior secured floating rate notes, to certain institutional investors at an issue price of 99,51%. The private Placement was closed on February 2, 2024. A Super Senior Revolving Credit Facility Agreement (SSRCF) of EUR 75 million with termination date in June 2026. Interest rates in the SSRCF are based on LIBOR, STIBOR and EURIBOR plus margins. For the SSRCF the Company is committed to follow certain covenants if so called test conditions is met. The test conditions were not exceeded in 2024. The Notes and the SSRCF shares security and guarantees in accordance with the provisions of an intercreditor agreement. In the event of a change of control the lenders under the SSRCF has the right to cancel their commitments and the holders of the Notes have the right to request a repurchase of the Notes.

| Between two and five years | 12,703 | 9,617 |
| Total | 36,124 | 33,745 |

Note 20 Employee benefit obligations

Accounting principle

Group companies operate various pension schemes. The schemes are generally funded through payments to insurance companies or trusteeadministered funds, determined by periodic actuarial calculations. The Group has both defined benefit and defined contribution plans.

The defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method. The present value of the

Pension expenses, employee benefit obligations

defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related pension obligation.

The liability in the Philippines would increase with EUR 70 thousand (70) if the discount rate would be lowered by 1 percentage point. An increase with the same percentage would lower the liability with EUR 32 thousand (49).

Key assumptions used in the valuation of the pension liability (weighted average)

| | 2024 | | 2023 | |
|---------------------------------|-------------|-------|-------------|-------|
| % | Philippines | Other | Philippines | Other |
| Rate of increase in salaries | 2.0 | 2.0 | 2.0 | 2.0 |
| Discount rate | 6.1 | 3.4 | 6.3 | 4.4 |

Assumptions regarding future mortality experience are set in accordance with published statistics and experience in each territory.

Alecta

For employees in Sweden, the ITP 2 plan's defined benefit pension commitments are guaranteed for age and family pension (alternatively family pension) through insurance with Alecta.

According to a statement from the Swedish Financial Reporting Board, UFR 10 Reporting pension plan ITP 2 which is financed through insurance from Alecta, this is a defined benefit plan that encompasses several employers.

For the financial year of 2024 the company did not have the necessary information required to recognize its proportional share of the plan's obligations, plan assets and expenses which has made it impossible to recognize this plan as a defined benefit plan.

Therefore the ITP 2 pension plan which is secured through insurance from Alecta is recognized as a defined contribution plan.

Premiums for the defined benefit old age and family plans are calculated individually taking into account salary, previously earned pension and anticipated remaining employment period.

1) Other accrued expenses are mainly related to temporary agent and subcontractors.

Note 24 Commitments and contingencies

Contingent liabilities

The Group has contingent liabilities related to litigations and legal claims arising in the ordinary course of business.

The group has no contingent liabilities as per December 31, 2024.

Note 25 Financial instrument risk management objectives and policies

The main risks arising from the Group's financial instruments are liquidity risk, credit / counterparty risk, foreign currency risk, and interest rate risk. The Board of Directors reviews and agrees policies for managing each of these risks which are summarized below.

Management controls and procedures

The Board has overall responsibility for the determination of the Group's risk management objectives and policies with the objective to set policies that seek to reduce risk as far as possible, without unduly affecting the Group's competitiveness and flexibility. The Board has delegated the authority for designing and operating the associated processes to the Group's treasury department.

Risk exposures are monitored and reported to management on a quarterly basis, together with required actions when tolerance limits are exceeded.

For the presentation of market risks, IFRS 13 requires sensitivity analysis that shows the effects of hypothetical changes of relevant risk variables on the income statement and shareholders' equity.

Interest rate risk

The Group's exposure to the risk of changes in market interest rates relates primarily to the Goup's Floating Rate Notes and the Revolving Credit Facility. The interest on the Floating Rate Notes is calculated as the aggregate of three-month EURIBOR plus 525 basis points per annum. The interest on each loan under the Revolving Credit Facility for each term is calculated as the aggregate of the Interbank Offered Rate (IBOR), or if the loan is in USD Secured Overnight Financing Rate (SOFR), plus a margin based on the basis of the consolidated total net debt to consolidated EBITDA.

Interest rate risk is not hedged, neither through derivative financial instruments or otherwise.

If the EUR interest rates increase by 100 basis points it will have an effect on the profit before tax by EUR 3 801 thousand and if the USD interest rates increased by 100 basis points it will have an effect on the profit before tax by EUR 0 thousand, based on the outstanding loans as per December 31st, 2024. This with all other variables held constant of the Group's profit before tax (through the impact on floating rate borrowings). There is no material impact on the Group's equity.

Foreign exchange risk

The following main exchange rates have been used to translate the transactions in foreign currency to Euro in the financial statements.

Foreign exchange rates

| | 2024 | | 202 | 3 |
|----------------------|-----------------|-----------------|-----------------|-----------------|
| Currency | Average rate | Closing rate | Average rate | Closing rate |
| US Dollar, USD | 1.08 | 1.04 | 1.08 | 1.11 |
| Swedish krona, SEK | 11.42 | 11.46 | 11.46 | 11.10 |
| Philippine peso, PHP | 61.99 | 60.30 | 60.12 | 61.28 |

As an international company, the Group is subject to foreign exchange risks of two different types:

Transactional risk, which may occur when the Group invoices clients in one currency and must pay its costs in another currency. The Group seeks to minimize these movements by matching the currency of revenue with the

currency of costs, by negotiating pricing adjustments and/or indexation of contracts to foreign exchange rates, and by implementing hedging instruments on a case-by-case basis, under close supervision of the Board and Audit Committee. The main exposure for the Group is in the Philippines with exposures in PHP vs. USD. In 2024, 54% (2023: 43%) of the anticipated net flow of sales and costs has been hedged by purchasing of forward contracts for a period of 6 to 12 months.

Translation risk, results from the conversion of assets, liabilities, revenues and costs denominated in other currencies than the Group's reporting currency, into the Group reporting currency, which is the Euro. In 2024, 45.7% (2023: 46.3%) of the Group's sales were denominated in currencies other than the reporting currency of the Group. The Board has decided not to hedge these exposures as they do not constitute a direct cash flow exposure.

In terms of shareholders' equity in the Group, a +/-10% change per December 31, 2024 of the exchange rate for the USD vs. EUR would have affected shareholders' equity in the Group with EUR -16,426/20,076 thousand and EUR -8,857/10,826 thousand against SEK. Exposures in other currencies would have had an immaterial impact for the Group.

On the net income for the group, a +/-10% change per 2024 average exchange rate for the USD vs. EUR would have affected the Group's net income of EUR 2,225/-2,719 thousand and EUR 364/-444 thousand against SEK. Exposures in other currencies have an immaterial impact for the Group.

Credit/counterparty risk

With respect to credit risk arising from the financial assets of the Group, which comprise balances from credit sales and cash and cash equivalents, the Group's exposure to credit risk arises from default of the counterparty, with a maximum exposure equal to the carrying value of these instruments.

Prior to accepting new accounts and wherever practicable, credit checks are performed using a reputable external source. Credit risk is reviewed monthly by Executive management, and corrective action is taken if pre-agreed limits are exceeded. Bank counterparty risk is mitigated by concentrating the Group's cash management activity with a limited number of top tier banks in each of the Group's regions.

Further analysis on gross trade debtors, provisions and ageing of net trade debtors are provided in note 15. The maximum exposure to credit risk is represented by the carrying amount of each financial asset on the statement of financial position.

Liquidity risk

Liquidity risk arises from the Group's management of its working capital as well as the finance charges and principal repayments on its debt instruments.

The Group monitors this risk using a consolidated cash flow model in order to identify peaks and needs in liquidity and identify benefits which can be attained by controlled placement and utilization of available funds.

A significant mitigating factor of the Group's liquidity risk is the unused proportion of the Revolving Credit facility agreement as disclosed in note 19, as well as other financing sources which may be implemented from time to time by the Group. The unused proportion of the Credit Facility at December 31, 2024 was EUR 65,784 thousand including unutilized cash pool limit (2023: 26,929 including unutilized cash pool limit). The liquidity risk is deemed stable and the Board of Directors believes that the capital required to meet the company's commitments will be available during the 2025 fiscal year.

Note 25 Financial instrument risk management objectives and policies, cont.

1) Book value of financial instrument equals fair value due to the short term nature of receivables and liabilities. The book value of interest bearing liabilities equals fair value as they are carried at floating rates.

2) The fair values of the provisions have been calculated using a DCF model. The valuation requires management to make certain assumptions about the model inputs, including forecast cash flows, the discount rate, credit risk and volatility. The probabilities of the various estimates within the range can be reasonably assessed and are used in management's estimate of fair value for these provisions. Provisions as of 31 December 2024 includes call-option for the acquisition of VCosmos. These are based on certain EBITDA targets. The nominal amount of the provision is EUR 3,668 thousand in 2024.

3) There has been no transfers between Level 1 and Level 2 during 2024.

4) The fair values of the derivatives for cash flow hedges are derived from quoted market prices in active markets.

Note 25 Financial instrument risk management objectives and policies, cont.

Valuation techniques level 2

The fair value for derivatives for cashflow hedges is determined using quoted forward exchange rates at the reporting date and present value calculations based on high credit quality yielded curves in the respective currencies. Interest-bearing liabilities are not valued to fair value.

Valuation techniques level 3

Provisions for earn-out and call-option related to acquisitions of other companies which cannot be valuated by using observable inputs or measures, such as market prices or models.

Accounting principle

Derivatives for cashflow hedges

The derivative instrument for cashflow is classified in the category derivatives for cashflow hedges. The hedging derivative instrument refers to sale and purchasing of forward contracts for a period of normally 6 to 12 months. The hedging derivative instrument is measured at fair value each period where the effective portion of the change in fair value is deferred in other comprehensive income and presented within equity. The difference between the effective portion of the change in the fair value of the derivative hedging instrument and the full change in the fair value (the ineffective portion) is recognized in the income statement. The change in fair value of the hedging instrument that is deferred in other comprehensive income is reclassified to income statement in the same period as when the hedged item affects income statement, and is recorded within revenue.

Note 26 Acquisition of subsidiaries

As of February, 2024, Transcom acquired 75.1% of the shares in VCosmos, with an agreement for acquire the remaining percentages within the next couple of years and are therefore fully incorporated in the consolidation of the group. The surplus value has been allocated to goodwill.

VCosmos is a high-end CX solution provider in India, they serves clients across North America, Asia, and Europe through voice, email, chat and social media channels in their customer experience centers in Gurgaon and Jaipur, and their rapidly growing work-at-home network. They employ 700 people and can rapidly scale both voice and non-voice multi-lingual and multi-channel CX services.

During 2024, Transcom paid out an earn out related payments for the acquisition of Timeframe in 2023. During the year, Transcom also paid the final payment out of two instalment for earn out related to the acquisition of Forecontact in December 2022.

Note 29 Pledged assets and guarantees

There are share pledges in material companies used as security for the financing of EUR 230,145 thousand (2023: 234,158). A part of the SSRCF is used to cover bank guarantees and cash pool limits. At December 31, 2024 the Group had outstanding bank guarantees for an amount of EUR 10,387 thousand (2023: 4,667) of which EUR 10,387 thousand is under the SSRCF.

Note 30 Related party transactions

Accounting principle

Related parties are defined as corporations or individuals having a control over Transcom, i.e., other companies owned by Altor Fund IV, subsidiaries as well as seniors executive and members of the boards, including their respective family members.

Disclosure is provided about transactions that result in the transfer of resources, service or obligations between related parties, regardless of whether a price is charged.

Related party transactions

At year-end, Transcom has an outstanding loan to Transcom TopCo AB, amounting to EUR 3,958 thousand, with an additional EUR 818 thousand of accrued interest.

Other transactions with Altor consist of consulting and legal fees of EUR 146 thousand (2023, 8 thousand).

The Remuneration to members of the Board of Directors and Group management is disclosed in Note 6.

The Group's ownership structure is disclosed under the Parent company's Note, A7.

Note 31 Events after the reporting period

On April 15, 2025, CFO Snejana Koleva informed that she has decided to pursue a new career opportunity outside of Transcom. She will remain in her role as CFO until October 2025.

Parent Company – Notes to the financial statements

Note A1 Parent Company's accounting and valuation policies

Transcom Holding AB ("Parent Company") corporate identity number 556962-4108 is a registered company domiciled in Stockholm, Sweden. The address of the Company's head quarter is Kistagången 10, SE-164 40 Kista.

The Parent Company has prepared and presented the annual report according to the Annual Accounts Act (1995:1554) and recommendation RFR 2 Accounting for legal entities from the Swedish Financial Reporting Board. RFR 2 means that the Parent Company, in the annual report for the legal entity, must apply all EU-approved IFRS and statements as far as possible within the framework of the Annual Accounts Act and taking into account the connection between reporting and taxation. The recommendation specifies exemptions and additions relative to IFRS.

The financial statements are presented in Euros which is the Company's presentation currency, rounded in thousand of Euro.

The Parent Company applies the same accounting principles as the Group except in the stated cases.

Note A2 Intra-group revenues and cost of sales

During 2024, intra-group sales amounted to EUR 1,926 thousand (2023: 2,658) related to administrative costs and services.

Note A3 Employees

Salaries, other remuneration and social security charges

| | 2024 | | |
|-------------------------|--|--------------------|--------|
| EUR thousand | Board of Directors and Executive management | Other employees | Total |
| Salaries | -1,127 | - | -1,127 |
| Pension expenses | -297 | - | -297 |
| Social security charges | -249 | - | -249 |
| Total | -1,672 | - | -1,672 |

| | 2023 | | | |
|-------------------------|--|--------------------|--------|--|
| EUR thousand | Board of Directors and Executive management | Other employees | Total | |
| Salaries | -1,204 | - | -1,204 | |
| Pension expenses | -221 | - | -221 | |
| Social security charges | -432 | - | -432 | |
| Total | -1,857 | - | -1,857 | |

Personnel expenses are recognised in the Administrative expenses in the Income statement.

Salaries, including other remuneration and social charges are fully recharged to Transcom WorldWide AB and was netted on the same row in the Income statement.

Salaries, other remuneration and other entitlements to the Board, CEO and other Senior Executives, see note 6 for the Group.

Financing in the Parent includes EUR 315 million Senior Secured Floating Rate Notes due in December 2026 (the Notes) listed on The International Stock Exchange. Holders of the Notes obtain a coupon of three-month EURIBOR plus 525 basis points per annum, subject to a 0% floor and reset quaterly. On January 19, 2024, Transcom Holding AB entered into a private placement ("Private Placement") to issue EUR 65.0 million in aggregate principal amount of Senior Secured Floating Rate Notes due in December 2026 (the "Notes"), which have the same terms as its existing senior secured floating rate notes, to certain institutional investors at an issue price of 99.51%. The Private Placement was closed on February 2, 2024. A Super Senior Revolving Credit Facility Agreement (SSRCF) of EUR 75 million with termination date in June 2026. Interest rates in the SSRCF are based on LIBOR, STIBOR and EURIBOR plus margins. For the SSRCF the Company is committed to follow certain covenants if so called test conditions is met. The test conditions were not exceeded in 2024. The Notes and the SSRCF shares security and guarantees in accordance with the provisions of an intercreditor agreement.

There are share pledges in material companies of EUR 281,919 thousand (2023: 281,919) used as security for the financing. Part of the SSRCF is used to cover bank guarantees and cash pool limits.

In the event of a change of control the lenders under the SSRCF has the right to cancel their commitments and the holders of the Notes have the right to request a repurchase of the Notes.

As of 31 December, 2024, the SSRCF was unutilized, excluding guarantees and cash pool facility usage (31 December 2023: EUR 43,624 thousand of the SSRCF was utilized by the subsidiary Transcom Worldwide AB, excluding guarantees and cash pool facility usage). The table below shows the maturity profile of the Company's interestbearing liabilities including interests.

| Less than six months | 15,501 | 14,411 |
| Between six and twelve months | 15,416 | 14,490 |
| Between one and two years | 405,601 | 28,901 |
| Between two and seven years | - | 338,442 |
| Total Carrying amount | 436,518 | 396,245 |

Note A10 Financial instrument risk management objectives and policies

Financial risks are mainly market risks (incl. currency risk and interest rate risk), credit risk and liquidity risk. The risk management policy, adopted by the Board of Directors, aims to minimize the adverse impact on financial results and positions.

Interest rate risk

The Company's exposure to the risk of changes in market interest rates relates primarily to the Senior Secured Floating Rate Notes . The interest on Senior Secured Floating Rate Notes for each term is calculated as the aggregate of EURIBOR plus a margin. Interest rate risk is not hedged, neither through derivate financial instruments or otherwise. If the EUR interest rates increase by 100 basis points, it will have a negative effect on the profit with EUR 3,800 thousand based on the outstanding Notes as per December 31, 2024.

Currency risk

Sales occur mainly in the accounting currency EUR while the purchases mainly are in SEK and EUR. At the end of the year, the company was exposed to exchange rate risk pertaining primarily to receivables and liabilities to Group companies. Should exchange rates for all currencies be 5 percent higher/lower, the impact on earnings would be -/+ EUR 139 thousand based on exposure on the balance sheet date.

Credit risk

The company strives for the best possible credit rating for the company's counterparties. The vast proportion of financial receivables were against Group companies.

Liquidity risk

Liquidity risk entails the risk that there is insufficient cash and cash equivalents and marketable securities or agreed credit opportunities to close the market positions. The liquidity risk is deemed stable and the Board of Directors believes that the capital required to meet the company's commitments will be available during the 2025 fiscal year.

Auditor's report

This is a translation from the Swedish original.

To the general meeting of the shareholders of Transcom Holding AB, corporate identity number 556962-4108

Report on the annual accounts and consolidated accounts *Opinions*

We have audited the annual accounts and consolidated accounts of Transcom Holding AB (publ) for the year 2024. The annual accounts and consolidated accounts of the company are included on pages 1–38 in this document.

In our opinion, the annual accounts have been prepared in accordance with the Annual Accounts Act and present fairly, in all material respects, the financial position of the parent company as of 31 December 2024 and its financial performance and cash flow for the year then ended in accordance with the Annual Accounts Act. The consolidated accounts have been prepared in accordance with the Annual Accounts Act and present fairly, in all material respects, the financial position of the group as of 31 December 2024 and their financial performance and cash flow for the year then ended in accordance with IFRS Accounting Standards, as adopted by the EU, and the Annual Accounts Act. The statutory administration report is consistent with the other parts of the annual accounts and consolidated accounts.

We therefore recommend that the general meeting of shareholders adopts the income statement and balance sheet for the parent company and the income statement and statement of financial position for the group.

Basis for Opinions

We conducted our audit in accordance with International Standards on Auditing (ISA) and generally accepted auditing standards in Sweden. Our responsibilities under those standards are further described in the Auditor's Responsibilities section. We are independent of the parent company and the group in accordance with professional ethics for accountants in Sweden and have otherwise fulfilled our ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Responsibilities of the Board of Directors and the Managing Director

The Board of Directors and the Managing Director are responsible for the preparation of the annual accounts and consolidated accounts and that they give a fair presentation in accordance with the Annual Accounts Act and, concerning the consolidated accounts, in accordance with IFRS Accounting Standards as adopted by the EU. The Board of Directors and the Managing Director are also responsible for such internal control as they determine is necessary to enable the preparation of annual accounts and consolidated accounts that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounts and consolidated accounts, The Board of Directors and the Managing Director are responsible for the assessment of the company's and the group's ability to continue as a going concern. They disclose, as applicable, matters related to going concern and using the going concern basis of accounting. The going concern basis of accounting is however not applied if the Board of Directors and the Managing Director intend to liquidate the company, to cease operations, or has no realistic alternative but to do so.

Auditor's responsibility

Our objectives are to obtain reasonable assurance about whether the annual accounts and consolidated accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and generally accepted auditing standards in Sweden will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual accounts and consolidated accounts. As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the annual accounts and consolidated accounts, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinions. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of the company's internal control relevant to our audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors [and the Managing Director].
- Conclude on the appropriateness of the Board of Directors' [and the Managing Director's] use of the going concern basis of accounting in preparing the annual accounts and consolidated accounts. We also draw a conclusion, based on the audit evidence obtained, as to whether any material uncertainty exists related to events or conditions that may cast significant doubt on the company's and the group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the annual accounts and consolidated accounts or, if such disclosures are inadequate, to modify our opinion about the annual accounts and consolidated accounts. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause a company and a group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the annual accounts and consolidated accounts, including the disclosures, and whether the annual accounts and consolidated accounts represent the underlying transactions and events in a manner that achieves fair presentation.

• Plan and perform the group audit to obtain sufficient and appropriate audit evidence regarding the financial information of the entities or business units within the group as a basis for forming an opinion on the consolidated accounts. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our opinions.

We must inform the Board of Directors of, among other matters, the planned scope and timing of the audit. We must also inform of significant audit findings during our audit, including any significant deficiencies in internal control that we identified.

Report on other legal and regulatory requirements *Opinions*

In addition to our audit of the annual accounts and consolidated accounts, we have also audited the administration of the Board of Directors and the Managing Director of Transcom Holding AB (publ) for the fiscal year 2024 and the proposed appropriations of the company's profit or loss.

We recommend to the general meeting of shareholders that the profit be appropriated in accordance with the proposal in the statutory administration report and that the members of the Board of Directors and the Managing Director be discharged from liability for the financial year.

Basis for opinions

We conducted the audit in accordance with generally accepted auditing standards in Sweden. Our responsibilities under those standards are further described in the Auditor's Responsibilities section. We are independent of the parent company and the group in accordance with professional ethics for accountants in Sweden and have otherwise fulfilled our ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Responsibilities of the Board of Directors and the Managing Director

The Board of Directors is responsible for the proposal for appropriations of the company's profit or loss. At the proposal of a dividend, this includes an assessment of whether the dividend is justifiable considering the requirements which the company's and the group's type of operations, size and risks place on the size of the parent company's and the group's equity, consolidation requirements, liquidity and position in general.

The Board of Directors is responsible for the company's organization and the administration of the company's affairs. This includes among other things continuous assessment of the company's and the group's financial situation and ensuring that the company's organization is designed so that the accounting, management of assets and the company's financial affairs otherwise are controlled in a reassuring manner. The Managing Director shall manage the ongoing administration according to the Board of Directors' guidelines and instructions and among other matters take measures that are necessary to fulfill the company's accounting in accordance with law and handle the management of assets in a reassuring manner.

Auditor's responsibility

Our objective concerning the audit of the administration, and thereby our opinion about discharge from liability, is to obtain audit evidence to assess with a reasonable degree of assurance whether any member of the Board of Directors or the Managing Director in any material respect:

- has undertaken any action or been guilty of any omission which can give rise to liability to the company, or
- in any other way has acted in contravention of the Companies Act, the Annual Accounts Act or the Articles of Association.

Our objective concerning the audit of the proposed appropriations of the company's profit or loss, and thereby our opinion about this, is to assess with reasonable degree of assurance whether the proposal is in accordance with the Companies Act.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with generally accepted auditing standards in Sweden will always detect actions or omissions that can give rise to liability to the company, or that the proposed appropriations of the company's profit or loss are not in accordance with the Companies Act.

As part of an audit in accordance with generally accepted auditing standards in Sweden, we exercise professional judgment and maintain professional skepticism throughout the audit. The examination of the administration and the proposed appropriations of the company's profit or loss is based primarily on the audit of the accounts. Additional audit procedures performed are based on our professional judgment with starting point in risk and materiality. This means that we focus the examination on such actions, areas and relationships that are material for the operations and where deviations and violations would have particular importance for the company's situation. We examine and test decisions undertaken, support for decisions, actions taken and other circumstances that are relevant to our opinion concerning discharge from liability. As a basis for our opinion on the Board of Directors' proposed appropriations of the company's profit or loss we examined whether the proposal is in accordance with the Companies Act.

Alternative performance measures and other definitions

The purpose of Transcom's alternative performance measurements is to disclose additional information to support a more comprehensive year-on-year comparison and provide an indication of the Group's performance and financial position. These alternative performance measurements defined below are considered to be widely accepted.

Alternative performance measures

EBIT: corresponds to the Operating profit/loss presented in the Condensed Consolidated Income Statement.

EBITA: is defined as Operating profit/loss, adding back the recorded transaction-related amortization

Non-recurring items: are defined as activities that are not part of normal business operations, such as restructuring- and M&A activities.

EBITA excluding non-recurring items: is calculated by excluding the non-recurring items and the recorded transaction-related amortization from Transcom's Operating profit/loss. The purpose of disclosing Transcom's EBITA excluding non-recurring items is to provide more-transparent year-on-year comparison excluding events that are not considered part of Transcom's normal business, such as restructuring cost and net gain or loss from disposed business.

EBITDA: is defined as Operating profit/loss, adding back the recorded depreciation on fixed assets and depreciation on leases according to IFRS 16 and amortization.

EBITDA excluding non-recurring items: is defined as EBITDA excluding the non-recurring items as defined above. The purpose of disclosing Transcom's EBITDA excluding non-recurring items is to provide more transparent year-on-year comparison excluding events that are not considered part of Transcom's normal business, such as restructuring cost and net gain or loss from disposed business. **Operating cash flow:** is defined as Cash flow from operating acitivites.

Net debt: is defined as interest-bearing liabilities and employee benefit obligations less cash and cash equivalents per balance sheet day.

Net debt/EBITDA excluding non-recurring items:

is defined as interest-bearing liabilities and employee benefit obligations, less cash and cash equivalents as per balance sheet day divided by EBITDA excl non-recurring items (LTM).

LTM: refers to the timeframe of the immediately preceding last twelve months.

Return on Equity: net income (rolling 12 months) divided by average equity (average calculation based on equity per balance sheet day the last five quarters).

Equity ratio: total shareholders' equity divided by total assets per balance sheet day.

Other definitions

SSFRN: Senior Secured Fixed Rate Notes

SSRCF: Super Senior Revolving Credit Facility

SURFN: Senior Unsecured Fixed Rate Notes
